Reception Transition

Welcome to all new families and thank you to existing families for enrolling your child to begin their school journey at Aberfoyle Hub Primary school. It was a pleasure to meet new families and catch up with familiar faces.

Learning is a challenge that we all face. For Receptions learning begins through play, visual learning, interaction with yourself, their siblings, family members and their peers. As they learn they will struggle at times, pause to rethink or ask for help. As a team we will help them accomplish, develop skills and work with others. Their success will continue to develop as they grow. The one constant during their journey of attainment, will occur in partnership between you and the school. Here at the Hub we look forward to developing the partnership between families and the school

As we continue to finalise for class 2022, if you are aware of families who have not decided about enrolling their child/ren in a school for next year, please do not hesitate to suggest they make a time to visit our school. We would like the opportunity to share the things that we do at Aberfoyle Hub Primary school.

In the coming weeks we will be sending out information about students classes 2022.

Premiers Reading Challenge

The Premier's Reading Challenge is a literacy engagement program that was introduced by the Premier in 2004 to:

- Encourage students to read more books and enjoy reading
- Improve literacy levels.

The Challenge requires students to read 12 books between the beginning of the school year and early September

I am pleased to share that 265 students or 88% completed the Premiers Reading challenge. Our goal is to achieve 100% participation across the school. I am hopeful next year we may reach that goal.

Well done to all students for their participation, reading and having fun in the process of reading their numerous books.

Growth Mind Set

"We don't develop courage by being happy every day. We develop it by surviving difficult times and challenging adversity."

-Barbara De Angelis.

Barbara De Angelis is an American consultant and has written numerous books on relationships. Learning does have a direct correlation to how we feel at times. Happiness can lead to uncertainty, insecurity, frustration and wanting to give up. However if you work through the challenges and road blocks presented, then developing a sense of accomplishment will come from facing those difficult moments and working through them.

From the desk of the Deputy Principal by Sarah Magnusson

OUT OF SCHOOL SPORTS 2022

Help Please

At this stage there have not been any volunteers to coordinate the below sports next year.

Netball
Cricket
Basketball
Uniform

No coordinator for each sport = No sport for students

Responsibilities include:

Attending 2 evening meetings a term at school
Organising registered players into teams with coaches, practice days/times, end of year presentation and delivering scheduled matches to coaches
Membership fees are waived for your child.

2022 Membership forms will be distributed in the last few weeks of this term however at this stage it is unlikely these sports will be offered next year unless we are able to have volunteers to coordinate and/or coach the above sports.

Please contact the school to register your interest by next Monday 22nd November.

Any queries please contact Sarah Magnusson.

LOST PROPERTY

Please check the lost property bin near MPR, classroom areas and general-use areas within the school for any items that may have been lost during the term. There are currently considerable amounts of unlabelled clothing and other items waiting to be claimed.

Medication

Notes will also be sent home with students as a reminder, together with new Medication Authority forms. These forms should be completed and returned to the Front Office at the start of the new 2022 school year.

Please note that it is the Parent/Caregivers' responsibility to collect their child's medication from the Front Office by Friday 10th December, 2021. We ask that you take the time to update any health care plans and check that all medication is still in date.

All Medications must be prescribed by an Authorised Health Professional and be in an original pharmacy-labelled container. All details on the pharmacy label must correlate with the Medication Agreement form. Medication will not be given if any of the information differs.

From the desk of the Deputy Principal Cont...

Medications continued

Who is responsible for providing Medication to the Education and Care Service?

The parent or guardian is responsible for providing all medication and administration equipment. They should be encouraged to give and collect any medication in person where possible.

Where this is not possible, the education and care staff, in consultation with the parent or guardian, should discuss and agree on safe methods of transport and transfer.

As previously stated. All medications must be provided in an original pharmacy container and have a pharmacy label with:

- child or young person's name
- date of dispensing
- name of medication
- strength of medication
- dose (how much to give)
- when the dose should be given
- other administration instructions (such as to be taken with food)

- expiry date (where there is no expiry date the medication must have been dispensed within the last 6 months).

First Dose

Due to the dangers of an adverse reaction the first dose must be supervised by a parent, guardian or health professional.

2022 MATERIALS & SERVICE CHARGES COMMUNITY MEETING

At a meeting of the Governing Council on November 3rd, 2021. it was proposed that the school's 2022 Materials and Service Charges would remain at \$325. The charge will be ratified at a Governing Council meeting at 6:30pm next Wednesday, November 24th 2021 in the Staff Room. All Parents/Caregivers of Reception to Year 5 students are invited to attend next week's Governing Council meeting, to raise any questions or concerns re the proposed fee. Ratification of polling all Parents/Caregivers will allow permission to legally recover (where applicable) the full amount of the Materials and Service Charges 2022 outlined in the notice which was sent to Parents/Caregivers via eldest child in family before the next weeks Governing Council Meeting. If you are unable to attend but would like to comment on the Materials and Service Charges, you may do so in writing prior to Monday, November 22nd 2021 addressed to either the Governing Council Chairperson, Kathy Dowding, or to the Principal, Tas Ktenidis.

SCHOOL SPORT

CRICKET

GAME 2 - October 31.

This week saw the Hub come up against Aberfoyle Park Campus, always a strong team and a challenge. The team played well and a special mention to Eamon S for filling in and playing against children a lot older. we also had Tyson and Jack D fill in due to some absences. We tried hard but came up a bit short, the scores were Aberfoyle Hub 6/63 to Aberfoyle Campus 5/107.

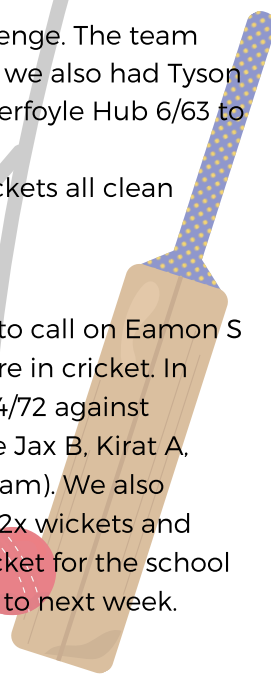

Best with the Bat were Tyson D, Jax B and Kirat A. The bowlers were led by Emma J who took 3 wickets all clean bowled and Simrat A also bowled well for 2x wickets.

GAME 3 - November 6.

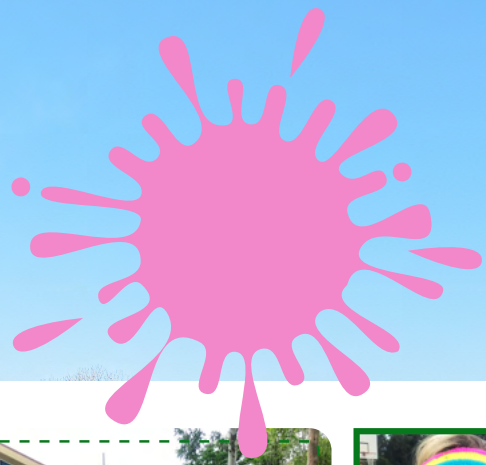

We came up against Flagstaff Hill this week and due to another couple of absences, we again had to call on Eamon S who played the full game for us. He definitely showed he was not out of place and has a great future in cricket. In what was a great result we ended up winning by 5 runs in a close one. Scores were Aberfoyle Hub 4/72 against Flagstaff Hill 4/67. The batters really shone this week and all scored some runs - best this week were Jax B, Kirat A, Aiden J and Heath S all scoring double figures and hitting boundaries (Jax B hit his first 6 for the team). We also showed consistency with the bowling, not many wides again. Best with the ball were Aiden J with 2x wickets and Heath S also bowled well and got a wicket. A big congratulations to Eamon S who took his first wicket for the school !! But I was really pleased in all the bowlers this week. Well done and great to have a win leading in to next week.

OSHC NEWS

From Sam Tuff the OSHC Director

RECAP OF NOVEMBERS PUPIL FREE DAY

During the last Pupil Free Day, we had 31 children attend our Hub OSHC Shop & Cook Day.

This saw us all walk to our local Woolworths and shop, split up into our teams to gather ingredients for our predetermined recipes the teams had decided to cook.

The dishes were amazing and varied from savoury chilli con carne, to lasagne and shepherd's pie. With sweets being choc mint oreo brownies and cookies and cream cup-cakes. Our healthy choice was fruit for snack.

This session showed leadership and encouragement from our older children, which was great to see. The children showed skills of building confidence, encouragement and positively working as a team.

REMINDER - Please book you Vacation Care attendances for your children before Friday the 3rd of December to ensure you children's place and to assist with staff rosters. We have some great activities planned.

SCHOOL BANKING LAST DAY

School Banking update from Commonwealth Bank

For 90 years, our School Banking program has helped children learn about money, reinforced the importance of regular savings and provided structure for parents to support their children to save.

Though the program continues to have strong support from schools, parents and teachers, recent decisions by some state and territory governments because of a review by the corporate regulator mean we are unable to continue providing programs in schools, and we have had to make a difficult decision to close our School Banking program for all government and non-government schools across the country.

Our School Banking program was established in 1931 at a time when having a bank account was not commonplace, and since then we have helped more than 15 million Australians take their first financial steps. This would not have been possible without the wonderful support we have received from schools like yours, including all the parents and volunteers, and for this we are deeply grateful. Thank you.

Even though this is a sad time, School Banking has taught so many young Australians, past and present, the value of money and we believe this should be celebrated. We have created a place for you to share your stories, fondest memories and lessons learnt through the program. To share your story and access our financial education resources, please visit commbank.com.au/schoolbanking

Thank you!
for reading

Even though the CommBank School Banking program will not be returning to your school after this year, you can continue to make deposits into your child's Youthsaver account through online transfers or at any CommBank branch. If you need further information please phone 132 221 or visit your local CommBank branch.

Last day for school banking collection is Tuesday 23rd November, Term 4 Week 7.
